**DJ Corey Rusch**

Corey, Rusch Entertainment is a company I knew I could trust and had no concerns about. I was incredibly impressed by the way everything from my initial contract to the hour before guests arrived had been handled. Throughout the night, Corey made sure to keep my guests involved. Corey was well dressed and professional. My guests loved the music selections and Corey made sure many requests were played as well. I will highly recommend this company to future brides. Thank You Rusch Entertainment and especially Corey for making our Wedding Reception so memorable.

**Fun, Classy, Dependable**

Scott, You did such an amazing job. Friends of ours that recently got married said that our wedding was more fun than theirs! That says a lot. Everyone complimented us on how wonderful the DJ was. The dance floor was full all night long, you made the party better than anticipated. When Dean told me how good you were, I was expecting a lot. You went above and beyond my expectations.
